We are very passionate about what we do at AARONHENRY Designs. Over the past 25 years we have dedicated ourselves to the ideals of American Luxury Craftsmanship, creating each piece of jewelry by hand, one at a time, in our California studio.

AARONHENRY jewelry cannot be mass-produced. Only a few hundred of these exclusive and collectable pieces are crafted each year. Our jewelry is available in 18 and 19.2 karat Gold or Platinum. Precious metals and gemstones are responsibly sourced, graded in-house and, when available, recycled.

AARONHENRY jewelry can be found at select Fine Jewelry Salons, Boutiques and Galleries.
